Subject: RE: FOI Applications
Attachments: FOI_GFMXD06.761B_APP_INI_R00.pdf

Good Day Dan,

In follow-up to your voice mail, I searched the records I know of and could not find this application file for GFMXD06.761B.

However, in order to help I have created the attached FOI file based on the 2016 CBI application and stripped out the section 16 information.

Hopefully this will address the request from your voice mail. I will begin to work on the other years starting next week if that is okay.

Thanks,

Tim Burke

Subject: FOI Applications

Tim,

Hello. From time to time, people request copies of applications. Normally the FOI versions are posted to the web by our system. If someone cannot find something, they call us.

We have been advised that the FOI applications for several Super-Duty Powerstroke families are not available, and I cannot find them in Verify. The test groups are:

BFMXD06.761A,
CFMXD06.761A,
DFMXD06.761A,
EFMXD06.761A,
FFMXD06.761B,
GFMXD06.761B

If these file are in verify, can you please give me the filename and date it was loaded? If they are not in Verify, can you send me these FOI applications ASAP? I would ask that you also post them to Verify.

Thanks in advance for your help,

Dan
